

HYDRAULIC 2-POST-LIFT

POWER LIFT HDL 6500 SST DG MB

THE RECOMMENDED HYDRAULIC 2-POST-LIFT FOR MERCEDES-BENZ LIGHT VANS

- ✓ Suitable for all weights and sizes of Mercedes-Benz vehicles
- ✓ Flexible double-jointed arms for a large pick-up range
- ✓ Synchronization and safety due to patented Nussbaum SST-System:
Electronic synchronization control to the tenth of a millimeter as well as
mechanical locking at every lifting height due to ball bearing lock
- ✓ Low maintenance effort: no synchronization cables, no safety lock,
almost wear-free hydraulic cylinders manufactured in-house
- ✓ Flexible use because of no overhead or ground connections
- ✓ No lifting before lowering necessary
- ✓ 2nd control panel for greater comfort, document holder and magnetic storage
tray included in scope of delivery as well as CE-Stop as standard equipment
- ✓ Made in Germany and 100% final inspection of each and every lift during
end-assembly before delivering to our Mercedes-Benz partner workshop

6500 KG | RAL 7016 | Article-No.: HDL265.0041020MB-7016
